Carlisle SynTec Systems Honors Black Hawk Roof Co., Inc. with Perfection Award

(Carlisle, Pa.) – Carlisle SynTec Systems, a leading manufacturer of single-ply roofing materials, recently honored Black Hawk Roof Co., Inc. with its 2014 Perfection Award. Each year, Carlisle presents this award to a small percentage of its top contractors. Honorees are selected based on exceptional installation quality and excellent warranty claim performance. Black Hawk is the only contractor in Iowa to receive Carlisle's 2014 Perfection Award.

"Carlisle is happy to recognize Black Hawk's commitment to quality with this Perfection Award," said Nick Shears, Carlisle Construction Materials' vice president of sales and marketing.

"Contractors who receive this award have not only demonstrated skill and expertise, but also the commitment to perfection on each and every installation. Black Hawk is an outstanding example of this philosophy," Shears continued.

The Perfection Award is a distinction that recognizes the top 5% of Carlisle's contractors annually. To qualify for the Perfection Award, a contractor must, for each of the past five years, have completed a minimum of 75,000 warranted square feet of Carlisle work, on a minimum of five jobs per year. Recipients are then selected based on installation quality and warranty claim performance.
